Rural LGBTIQ+ Mental Health Virtual Care

With Mardi Gras week kicking off from the 19th of February to the 7th of March it's time to reflect on the challenges and barriers to mental health support for young LGBTIQ+ members in rural areas.

This study explores how lesbian, gay, bisexual and transgender (LGBT) young adults in rural Australian communities experience online mental health services. Online technologies hold potential to overcome health access barriers, but little is known in practice for this community.
